

Pillar Worksheet

This is a process I learned from Jayne Warrilow of Jayne Warrilow International. Identify your four “Pillars” (key characteristics) of great leadership. Then “unpack them” in detail below. Use a separate sheet for each pillar. This will help you know what specific skills, behaviors, and attitudes you want to develop.

Name of the Pillar	
Individual Level: How does this pillar look, sound, & feel as it is visible in me? What is its impact on me?	
In Relationship(s): How does this pillar look, sound, & feel as it is visible in relationship with others? What is its impact on the relationship?	
In Broader Community: How does this pillar look, sound, & feel when it is visible in the broader community? What is its impact on the community?
